**OFFICE OF AIR AND  
RADIATION**

Dear ENERGY STAR® Certification Bodies,

The U.S. Environmental Protection Agency (EPA) has released updates to [Directive #2011-06, ENERGY STAR Verification Testing Supplement](#). This update revises the list of products eligible for off-the-line procurement and testing, and establishes that CBs are no longer required to procure verification lighting samples from three geographically diverse locations. The Directive may be found on the [ENERGY STAR Third-Party Certification Directives webpage](#).

Questions may be directed to Brian Krausz, EPA, at [Krausz.Brian@epa.gov](mailto:Krausz.Brian@epa.gov), or [certification@energystar.gov](mailto:certification@energystar.gov).

Thank you for your support of the ENERGY STAR program.

Brian Krausz
