Hello,

AS requested by my colleague Jean-François Dion, I have revised the document.

Here are my comments:

Line 378 editorial error:

378 3.10.3 EVSE System: As shown in **Error! Reference source not found.**, it include  
379 modified EVSE, integrated or separate communications hardware, and ad

ENERGY STAR DC-output Electric Vehicle Supply Equipment  
Test Method

Line 475: Table 8

revision reference should be provided.

Line 519: The effective date of this version of the standard shall be specified. Actually, it is written 2016. An appropriate date shall be written.

Do not hesitate to contact me if you need more detail.

Regards,

**Clermond Marquis**
