ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit www.energystar.gov.

Dear ENERGY STAR® Computer Partner or Other Interested Stakeholder:

The U.S. Environmental Protection Agency (EPA) released the Final ENERGY STAR Computer Version 8.0 Specification on October 15, 2019, with an original effective date of July 15, 2020. In light of widespread and unanticipated supply chain disruptions, and in response to broad stakeholder concern, **EPA is now delaying the effective date until October 15, 2020.**

Thank you for your continued support of the ENERGY STAR Program.

Best regards,

Ryan Fogle
EPA Manager, ENERGY STAR for IT and Data Center Products
